2. Permitted uses and restrictions

Upon payment in full, Lettermin grants You a perpetual, non-exclusive, non-transferable and revocable license to use our Fonts under the following terms and conditions.

2.1 Permitted uses

This License allows You to embed the Font Software only in the App(s) specifically named on your Sales Receipt. Only the App Font files provided by Lettermin may be used. The use of alternate formats is expressly prohibited. You may use the App Fonts for styling, viewing or editing text in Your App. The App Fonts are licensed for Your use only.

This means you can only use the fonts only in apps specified on your sales receipt.

2.2 Prohibited uses

You may use the App Fonts only for styling, viewing or editing text in Your App. Any use which is not expressly permitted in this License is prohibited. Prohibited uses include but are not limited to:

- editable use of the Fonts, such as in templates or for use in the creation of customisable designs or products. Providing the ability for an app user to edit text using the App Fonts is not allowed, if the result is a new document, such as a personalised invitation, greeting card, or customised product.
- use or allowance of the use of any Font so that it may be accessed through a server or similar to edit, render or display content,
- embedding the Font in any application software considered to be a plug-in, template, skin or theme,
- the use of the Font in connection with embedding in, or the generation or distribution of files such as PDF and EPUB files,
- the use of the Font for artworking, meaning the generation of works that include any image of the Font other than within the confines of the App itself,
- making the Font Software available to anything, whether tangible or intangible, hardware or software, extraneous to the App, such as the operating system of any device,
- installing or using the Font Software on a desktop or portable computer,
- using the Font Software for styling text on a website,
- embedding or otherwise incorporating the Font Software or the typeface designs rendered by the Font Software in electronic documents, non-mobile applications, software, hardware, devices or in any other form not expressly permitted by this License.

If you wish to use the Font Software in a manner not permitted by this License, a separate license must be obtained from Lettermin for an additional fee.

This means that the use of fonts in any other way than expressly allowed is prohibited. If you are not sure if a certain use of the fonts is allowed or not, please contact Lettermin for an explanation.

2.2.1 Fixed terms

The terms and price associated with this License are based on the number of Apps, the number of Font styles and maximum number of Monthly Active Users.

If You want to use the App Fonts in Apps which are not specifically named on Your Sales Receipt, You must purchase an additional license.

The average number of Monthly Active Users of an individual App, measured in Monthly Active Users over the span of 3 (three) consecutive months, must not exceed the number of End Users specified on Your Sales Receipt. If the average number of Monthly Active Users increases above the number specified on Your Sales Receipt, You must purchase a licence upgrade to reflect the increase in Your consumption of the Fonts.

This means you can upgrade your license to cover additional apps and an increased number of monthly active users at any time, but you can't downgrade and get a refund if you have bought a bigger license than you need.

You are not entitled to a refund, offset or other adjustment in the event of a reduction in the number of Apps or a reduction in the number of Monthly Active Users, irrespective of the reasons.

2.3 Provision to third parties

You may temporarily provide the Font Software to a producer, publisher, or other agent, who is working on Your behalf. They must agree to use the Font exclusively for Your work, according to the terms of this License, and retain no copies of the Font upon completion of the work. You must inform them that it is strictly prohibited to use the licensed Font Software for any other purpose. After completing the job, they must destroy their copies of the Fonts.

This means you can let a contractor use the fonts when they are working on your behalf. They must delete the fonts after finishing the job.

2.4 Restrictions

Font Software may not be stored or used in any manner that makes it accessible to the public or non-licensed third parties in such a way that enables them to download and/or use the Fonts. Under no circumstances, except those outlined in section 2.3, may the licensed Font be shared with contractors, freelance employees, or affiliates.

This means you should take reasonable steps to keep the fonts in the apps and not transmit them to others.

You agree to use reasonable measures to protect the Fonts used in Apps from access and use by unlicensed third-parties.

2.5 Transfer
